aging	stainless steel tank
must weight	19.5° KMW
alcoholic content %	12
acidity g/l	5.8
residual sugar g/l	7.8
drinking temperature	10°C

AT-BIO-402
EU-Landwirtschaft

The grape material is harvested in small boxes so that it can be transported gently and quickly to the winery. After arriving at the press house, all the grapes are pressed immediately and gently ("gleichgepresst") – only by doing this can the colour from the skins be prevented from being carried over, and the must remains white.
